Att: Mr. Arvid Koehler:

Dear Sir,

Approximately 2 years ago we let a Mr. George Nicholson 1131 2nd Avenue Rock Island, Illinois store 90 drums of paint at our construction storage yard. We understand that the drums belong to your company and they were picked-up from your 1745 Mill Street warehouse by Mr. Nicholson and Leonard Foulks from Watts Trucking. We have no idea what arrangement was made with your company, but we would like them removed from our premises as soon as possible, other wise we have no other choice but to contact the E.P.A. and let them decide how to handle the drums.

We talked to Mr. Nicholson's widow and she knew nothing of an agreement in this matter.

Sincerely

Carrollton Green
